

Salt Lake Valley Science & Engineering Fair

Science Fair Judges Needed!

Your help and expertise are needed this year as a category judge for the 2010 Salt Lake Valley Science & Engineering Fair (SLVSEF)!

SLVSEF is a regional science competition for students in grades 5-12 and showcases the inquisitive natures and scientific discoveries of some of the best and brightest young minds from the Salt Lake, Murray, Granite, Tooele and Park City School Districts. We are expecting over 300 students to participate this year!

The Salt Lake Valley Science and Engineering Fair celebrates the achievement of all young scientists and is dedicated to exciting students about math and science. It is our intention to help students combine the lessons they have learned in the classroom with their own interests and discoveries. By volunteering as a category judge, you too, will celebrate achievement and

JUDGES NEEDED

Date: March 26, 2010
Time: 8:30 am – 1:00 pm

Judging at SLVSEF

There are two groups of judges at SLVSEF. Category Judges are experienced professionals who volunteer their time to evaluate the projects of all participants in the 17 categories and select the winners of the top awards presented by the fair in each category. Special Awards Judges represent organizations that present their own awards and they evaluate projects that meet the specific criteria of their awards.

Judges are encouraged to specify category and age preferences when signing up to participate on our website.
